

MEDICATION AUTHORIZATION

School Name Telephone Fax

To the parent or guardian of Birth Date

In order to help protect your child's health, your consent and written authorization from a licensed healthcare provider are required when it is necessary for your child to receive either prescription or non-prescription medicines in the Schools. No medications will be given to your child at school until this authorization has been received. A separate form is required for each medicine. New authorization forms are required every year at the beginning of school, whenever the dose or directions change, or when a new medicine is prescribed. It is your responsibility to provide all medicines to be given at school. Each medicine must be in an appropriately labeled original container from the pharmacy or healthcare provider's office. Most pharmacies will provide an extra container for school use upon request. Administration of non-prescription medicines at school is discouraged.

PARENT OR GUARDIAN'S PERMISSION: I give permission for my child to receive the medicine described below during school hours. I understand that it is my responsibility to purchase and supply this medicine. On behalf of my child I absolve the Charlotte-Mecklenburg Board of Education and their agents and employees from any and all liability whatsoever that may result from my child taking this medicine at school.

If your child will be possessing and self-administering his/her medication, please request Form 2.

Child's Name: _____ DOB: _____ School: _____

Dear Parent/Guardian:

In order to help protect your child's health, your consent and written authorization from a doctor are required when it is necessary for your child to be administered either prescription or non-prescription medicines in the Mountain Island Day Schools. No medications will be administered to your child at school until this authorization has been received. A separate form is required for each medicine. New authorization forms are required every year at the beginning of school, whenever the dose or directions change, or when a new medicine is prescribed. Each medicine must be in an appropriately labeled original container from the pharmacy or healthcare provider's office. Most pharmacies will provide an extra container for school use upon request. Administration of nonprescription medicines at school is discouraged.

I, _____, understand that:

- It is my responsibility to purchase and supply all medicines to be given at school.
- Mountain Island Day Schools Board of Education and its employees and agents authorized to administer drugs or medication prescribed by a doctor upon my written request shall not be liable in civil damages for any administration or for any omission relating to the administration, unless that act or omission amounts to gross negligence, wanton conduct, or intentional wrongdoing.
- Information shared may be in the form of an emergency or individual care plan for my child and may include information provided by my child's physician, myself, or from records that have been released to the school from another agency.
- Exchange of information will be limited to the minimum necessary to provide the required assistance for my child and will be shared only with those staff who may need to provide the specified assistance for him/her.
- This consent to release information must be signed before my child's teachers can provide assistance with special medical needs other than notifying parents and providing Emergency Services (911).
- If my child participates in DPS before/after-school activities/sports, I will assume responsibility for notifying the advisor/coach of my child's medical condition. Since the medication kept by the school is only available during regular school hours, I will provide extra emergency medication that may be needed during the activity. I may contact the school nurse if assistance is needed in instructing the advisor in a medical procedure or if a copy of the information needs to be shared with them.

I, _____, authorize the release and exchange of medical information between my child's physician, school nurse and Mountain Island Day _____ that is necessary in carrying out services for my child, _____.
I, _____, also hereby give permission for my child _____ to be administered the specified medication indicated by his/her physician on the reverse. I understand that non-medical personnel conduct the administration. If an emergency injection is ordered, I give permission for the School Based Public Health Nurse to instruct designated staff in the administration technique. I understand that it is my responsibility to transport the medication to school unless special arrangements are made with the principal.
