

Academic Policy for Participation in MIDCCS Extra-Curriculum Activities

Extra-Curriculum Activities include ANY athletic team, MS/HS club leadership positions, or clubs that represent MIDCCS in competition.

To be eligible to tryout and remain eligible to participate for any Sport, Extra-Curriculum competition, or Club Leadership role at MIDCCS, the student must meet the following criteria;

HIGH SCHOOL STUDENTS: No grade of an “F” and a cumulative grade point average of 2.5 or higher (weighted) for the previous semester. For example, eligibility for students wanting to participate in fall/winter sports or activities will be based on their 2nd semester report card from the previous year. Spring participation will be based on the 1st semester report card. MIDCCS is a college prep charter school where students are expected to understand time management, responsibility and a higher achievement to prepare them for college/university admittance.

MIDDLE SCHOOL STUDENTS: Must maintain a grade of 70% or higher in all of their courses, including electives, as reflected on the student’s last nine week quarter report card.

*The 2.5 G.P.A. eligibility policy for **High School Students** and the 70% eligibility policy for **Middle School Students** will be waived for students with an I.E.P. (Individualized Education Plan) or L.E.P. (Limited Eligibility Proficiency Plan) if (1) I.E.P./L.E.P. goals are being met and (2) the student has no failing grades.*

All rising 9th grade students participating in a fall sport are eligible to participate the first semester of their freshman year, independent of their middle school grades. At the conclusion of the first semester, eligibility will be based on Semester 1 grades in accordance with the MIDCCS Extra-Curriculum Guidelines.

Summer School will be accepted as an alternative to gain eligibility. Must be accredited course by SACS and NCAA, and approved MIDCCS administration.
